

MUTUAL ACCEPTANCE
OF SPECIALISED SAFETY AND EMERGENCY PREPAREDNESS TRAINING
MEMORANDUM OF AGREEMENT BETWEEN

OEUK, ELEMENT NL, Dansk Offshore and Offshore Norge

September 16th 2024

It is agreed that OEUK, ELEMENT NL, Dansk Offshore and Offshore Norge will continue the long history of cooperation through recognition of specialised safety and emergency preparedness training given in each of the countries and in accordance with the attached matrix. Each association accepts training centers and courses approved by the other National Association.

This Agreement is primarily for personnel working cross border in the Northwest Europe.

The ultimate goal for associations is to develop a common standard to prepare the workforce to achieve a high level of competence in basic safety and emergency preparedness across Northwest Europe.

The safety training certificate must be valid in the country of issue and within the time period of the accepting country.

Each National association is the responsible for informing member companies, heliports, major contracting and supply industry and training centers within their own country, of this agreement.

Future corrections of basic safety and emergency preparedness training standards referred to in this agreement shall be recognised by the organisation covered in this agreement.
